

# CORPORATE SPONSORSHIPS

## Interested in becoming a corporate sponsor?

Join the Robert H. Ivy Pennsylvania Plastic Surgery Society (RHIS) as a corporate sponsor and join a community. Help support the exchange of information, ideas, and knowledge among six leading residency programs, private practices across the state, and numerous researchers. Formed in 1954, RHIS has existed as a society to foster a high standard of practice for those surgeons operating in Pennsylvania. With your corporate sponsorship, you are gaining access to a diverse population working hard to expand its community.

---
